PET INSURANCE

Lifetime Policy

LIFETIME POLICY TERMS AND CONDITIONS

YOU MUST READ THIS DOCUMENT AND THE POLICY SCHEDULE WHICH FORM AN INTEGRAL PART OF THE POLICY, TO ENSURE THIS PRODUCT MEETS YOUR DEMANDS AND NEEDS.

WELCOME TO INSURE YOUR PAWS

We're delighted to welcome you and your pet to Insure Your Paws. We know that pets aren't just animals, they are a part of the family.

Insure Your Paws lifetime pet insurance is an annual policy that meets the demands and needs to provide cover for veterinary treatment for injury or illness and other expenses associated with protecting your pet. The total cost for all conditions paid in one policy term cannot exceed the veterinary fee limit as stated in your Policy Schedule. Any amount over the limit will have to be paid by you for the remainder of the policy terms. However, any illness or injury (including clinical signs) which happen before the policy starts will not be covered and will be considered as a pre-existing condition.

As this is a 12 month contract if you cover is renewed your pet will benefit from continuous cover for the next policy term, including costs for recurring conditions, and the full veterinary fee limit chosen will be available again. If we are unable to offer you cover, we'll notify you in good time before your policy expiry so you can find alternative cover before your policy term ends.

It is important to note that the Policy Terms and Conditions can change over time and as Insure Your Paws lifetime pet insurance can provide cover for various conditions over the life of your pet, you must be able to pay for your policy each year. The policy is likely to increase in price at renewal, based on the age of your pet, claims history and other costs, such as enhancements to cover and increases in the costs of veterinary treatment. You will also need to consider that excesses may change as your pet gets older.

For example: The cost of covering a pet (based on pricing inflation in 2022) can increase between 10% - 20% each year for pets up to 10 years old, although higher increase could apply. For older pets, the renewal price could rise by 35% or more.

Explaining Key Terms of your Policy

Lifetime Policy

It's important you understand what we mean by Lifetime. We know this can be quite confusing, which is why we want to explain exactly how our Lifetime Policy works.

This Lifetime Policy doesn't guarantee that we'll be able to provide cover for your pets' entire life.

Our Lifetime Policy is a 12-month annual contract which is subject to terms, conditions, and underwriting criteria. This 12-month period is known as the Policy Term. At the end of each policy term if we invite you to renew your cover and you decide to accept by continuing to pay your premium (either monthly or annually) the policy will be automatically renewed, unless you instruct us otherwise, and the veterinary fee limit chosen will be available again.

Occasionally, we may find as part of our annual review that we can't offer to cover your pet the following policy term. This can be for a variety of reasons as underwriting criteria and terms can change from time to time. If this ever happens, we'll be sure to notify you as soon as possible to give you time to find alternative cover before your policy term ends.

Pre-Existing Conditions

We do not cover any illness, behavioural illness, injury or accident that your pet had or showed clinical signs of having before the policy started. This usually includes illnesses and injuries that can happen again or may appear in different parts of your pet's body.

For example, if your pet had an ear infection in the left ear before you took out your current policy, your insurance will not cover the cost of treatment for any future infections in either ear, regardless of whether you made a claim under a previous policy or if it's the other ear that never had the infection previously.

Condition

If your pet develops a condition in one part of their body that they've previously had in another part of their body, we'll class it as one condition.

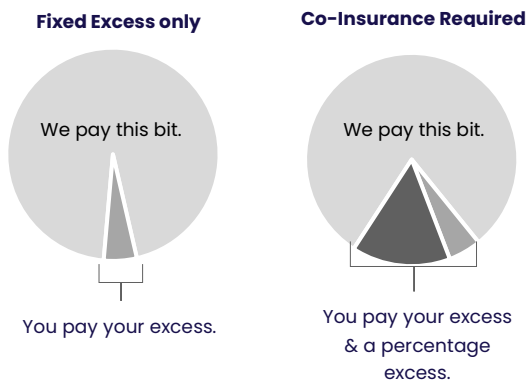

Your pet develops, for example, a lipoma (a fatty lump) on their right leg. You'll take your pet to the vet for treatment and make a claim on your policy. Your pet then develops another lipoma on their back 6 months later. You take your pet to the vet again and make another claim. We'll consider this all as one condition.

Using this example, it's important to mention that if your pet developed the initial lipoma before your policy started, we'd consider the second lipoma as a pre-existing condition.

Fixed and Percentage Excess

The fixed excess payable are:

The fixed excess is the amount that you'll need to pay in each policy term, for each unrelated condition or incident, before we pay towards any claim.

For veterinary fees and complementary treatment if your pet is 5 years old or over, you'll also need to pay a 10% excess towards each claim. The percentage excess is calculated after your fixed excess has been deducted.

If a claim continues into a new policy term, then you will pay another fixed excess (and percentage excess if payable) if the treatment date is in the next policy term.

Please see an example below of how to calculate the amount you will need to pay in the event of a claim if both a fixed and percentage excess is payable.

Total Cost of Treatment		£1,500
Minus the payable by you excess	£99	£1,401
10% (over 5years) amount payable	10% of £1,401 = £140.10	£1260.90
Total outstanding we pay		£1260.90
Total Paid by You	£99 + £140.10 = £239.10	

If a claim continues into a new policy term, then you will pay another fixed excess (and percentage excess if payable) as the treatment date is in the next policy term.

The fixed excesses that you will pay are shown in your Policy Schedule.

Following your vets' instructions

It's important that whenever a vet provides you with advice, you follow it. We won't pay for any condition that could have been avoided by following a vets' instruction. For example, your pet is known to be a scavenger and your vet has advised you to avoid giving or leaving any rubber toys laying around the house. However, you continue to provide access to rubber toys and your pet ends up eating one and your pet needs it to be surgically removed. We wouldn't cover the surgery to remove the object, as it could have been prevented by you taking your vets' advice.

Payment of premiums

Your pet is only covered if you keep your payments up to date.

If you pay for your policy monthly, payments will be collected each month on the date selected by you when purchasing the policy. Monthly payments will be collected from the payment card details provided by you when purchasing the policy each month. Other than your first payment, all payments will be collected monthly in advance. You must keep your payments up to date to ensure your pet is covered under the policy, even if you are in receipt of, or awaiting a claim payment.

If we cannot collect your payment on the first attempt, we will write to you to tell you when we will be attempting to collect payment again. Should the payment attempt fail your policy will be scheduled for cancellation and we will write to you to inform you of this. Should the payment remain outstanding, your policy will be cancelled from the date the last successful payment was collected.

If you decide to cancel your policy, please refer to 'Cancelling Your Policy' for full details.

Paying for the policy in full by card annually

Your pet is only covered if you keep your payments up to date.

If you pay for your annual cover in full by card every year, we will use the same details you provided to us in a previous policy term to collect the payment from you at renewal. You must keep your payments up to date to ensure your pet is covered under the policy, even if you are in receipt of, or awaiting a claim payment.

We will attempt to collect your payment on the day your renewal is due, this is to make sure there is no loss of cover. If we are unsuccessful in collecting your renewal premium we will write to you to let you know that we were unable to collect payment and renew your policy. If you fail to pay for your cover, your policy will not renew and there will be no cover from your renewal date.

If you decide to cancel your policy, please refer to the 'Cancelling Your Policy' Section for full details.

What happens at renewal?

The benefits of this policy are reinstated each **policy term**, subject to renewal being invited and **you** paying for **your** policy, which confirms **your** acceptance of the terms offered.

It is important to note that these Policy Terms and Conditions can change over time. The price **you** pay considers factors such as **your pet's** age, claims history and **our** view of the future costs of providing cover.

The cost of cover can change at each renewal **we** will recalculate the cost of cover and contact **you** with a quote. There are a number of factors that can impact **your** renewal, including the age of **your pet** and the increasing cost of **veterinary treatment**. **We** may also consider the amount claimed and the likelihood a **condition** will be ongoing when calculating **your** renewal. This will mean that the premium **you** pay will increase at renewal..

If **you** find **you** are in financial difficulties during the **policy term**, please do contact Insure Your Paws so that **we** can see how **we** can help **you** and **your pet**.

Each year, an annual review of **your** policy will be completed, based on the information **we** hold for both **you** and **your pet**. The renewal invitation is offered using the information held at the time it was issued. **We** can revise or withdraw renewal terms offered if new information is brought to our attention, even after **your** renewal invitation has been issued.

What changes can be made at the renewal of your policy?

At renewal, **we** can change:

- The price **you** pay, also known as the premium, and/or
- **Excesses** that **you** pay, and/or
- Policy Terms and Conditions, or
- Decline to offer a renewal invitation for the next **policy term**.

For dogs, if there has been a change in their behaviour, **we** have the right to:

- Limit or remove cover for Third Party Liability,
- Cancel **your** policy, and/or
- Advise **we** are unable to offer renewal terms.

For example (but not limited to): any **aggressive tendencies** and/or **aggressive behaviour** shown, any **incidents** where **your** dog has caused **injury** to a person or another animal, or any health **conditions** which could affect how **your** dog behaves.

Insure Your Paws will always tell **you** before **your** renewal date of any changes, so **you** can consider if **your** policy still meets **your** needs or seek alternative cover elsewhere.

Cancelling this policy

Your right to cancel

You have a statutory right to cancel **your** policy within 14 days from:

- The day **you** bought the policy, or

If **you** cancel during the first 14 days of **your policy term** **you** will receive a full refund of any price **you** have paid and **your** policy will be deemed to have been cancelled from the **start date** and **you** will not be entitled to make any claim.

- If **you** had no claims and **you** are paying **your** premium monthly no further monthly payments will be taken and **your policy** will end on the date **you** cancel. No refunds will be issued. If another premium is taken e.g. **you** notify **us** of intent to cancel in the **period of insurance** but **we** cannot stop a further payment being taken, a refund of this premium will be issued to you.
- However if **you** have incurred eligible claims (except any eligible claims where **your pet** has died) **you** will not be refunded any premiums if **you** have paid in full, or **you** will either have to continue with the instalment payments until the policy renewal date, pay the remaining premium due, or the outstanding instalments due may be deducted from any claim payment made.

All cover for **your pet** will immediately stop with effect from the cancellation date and no further assistance will be provided by **us** towards any further claims for **your pet**.

If **your** policy is cancelled or comes to an end for any other reason, all cover for **your pet** will stop on the date the policy is cancelled/ends and no further claims will be paid.

If **you** incur charges for this information **you** will have to pay for this.
24. **You** agree to pay for the costs of a DNA test if **we** believe the information **we** hold about **your pet's** breed may be incorrect and **you** cannot provide evidence of their breed, e.g. breeding or adoption papers. If **we** ask **you** to conduct a DNA test, **you** will need to provide **us** with the results, and **we** will then take the necessary action. How the maximum benefit is applied during policy term

1. The amount **we** will pay for the cost of **treatment** or **complementary treatment** is the **maximum benefit** that applies on the **treatment date**.

Treatment prescribed or carried out after the policy is cancelled or expired

3. If the **treatment** has a **treatment date** that occurs after **your** policy has been cancelled or expired, it will not be covered, as the **treatment** was not provided within the **policy term**.

Excessive veterinary fee charges

4. If the **veterinary fees** or the fees charged for **complementary treatment** are higher than the fees usually charged by a general or referral practice, **we** reserve the right to request a second opinion from a **vet** that **we** choose. If the **vet we** choose does not agree with the **veterinary fees** charged **we** may decide to pay only the **veterinary fees** usually charged by a general or referral practice in a similar area.

Excessive veterinary treatment

5. If **we** consider the **veterinary treatment** or **complementary treatment your pet** receives may not be required or may be excessive when compared with the **treatment** that is normally recommended to **treat** the same **illness** or **injury** by general or referral practices, **we** reserve the right to request a second opinion from a **vet** that **we** choose. Request to change the treating veterinary practice

6. **We** may refer **your pet's** veterinary history to another **vet** in **your** local area that **we** choose and pay for. If **we** request that **you** do so, **you** must arrange for **your pet** to be examined by this **vet**.
7. If **you** decide to take **your pet** to a different **vet** or **complementary therapist** for a second opinion because **you** are unhappy with the diagnosis or **treatment** provided, **you** must tell **us** before **you** arrange an appointment with the new **vet** or **complementary therapist**. If **you** do not, **we** will not pay any costs relating to the second opinion. If **we** request, **you** must use a **vet** or **complementary therapist we** choose. If **we** decide the diagnosis or **treatment** currently being provided is correct, **we** will not cover any costs relating to the second opinion.

Veterinary fee charges and discounts

8. It is **your** responsibility to ensure the veterinary practice or **complementary therapist** is paid within their requested time frame. If there is any additional charge(s) added to the claim due to late **payment**, **we** will deduct this from any claim due to be paid.
9. If the veterinary practice or **complementary therapist** provides a discount for paying the cost of **treatment** within a certain time frame, **you** must provide **payment** within this time frame. If **you** do not, **we** will only pay the discounted **treatment** costs when the claim is due to be paid.
